

2026 bclma *sponsorship program*

Introduction

Thank you for your interest in the British Columbia Legal Management Association. Your support and involvement helps us to provide high-quality events to BCLMA Member Firms, their administrators and their managers. Our educational and social events, quarterly newsletter, and biennial conference all provide you many opportunities to cultivate business relationships with your target market.

BCLMA has more than 625 individuals representing almost 200 law firms across the province. Our members are leaders in their law firms in the areas of finance, human resources, facilities and services, knowledge management, information technology, litigation technology, marketing, learning and development and administration.

BCLMA offers different levels of sponsorship so that business partners can customize their contributions to balance their fiscal responsibilities with the profile they wish to establish amongst the BCLMA membership and in the legal community. Sponsorship opportunities are available on a first-come, first-served basis.

Our events bring the best of the best together with a view to share, collaborate, and grow, and we intend for 2026 to be no different.

Attached, you will find an overview of our sponsorship program and a registration form. Please submit your completed form as soon as possible to ensure your participation in our 2026 Sponsorship Program. As circumstances evolve, so too will the features and benefits of each sponsorship level. As event dates near, we will work with you to create a virtual experience that brings you value.

We value and greatly appreciate the relationships we have developed with our business partners over the years and look forward to strengthening those relationships in 2026.

Please contact us if you have any questions or require additional information.

Sincerely,

Jeff Pelletier
BCLMA Director
